

NASSIF RAHMATHULLAH

Surrey, BC | 778-996-2934 | nassif.sfkgb@gmail.com

OBJECTIVE

Dedicated and community-focused Advanced First Aid Attendant (OFA Level 3) with Emergency Medical Responder (EMR) certification. Experienced in frontline medical response, team support, and food service presentation, bringing a balance of safety, adaptability, and care to any workplace.

WORK EXPERIENCE

Street Saviours Outreach Society (SSOS) – Medical First Responder | 2019 – Present

- Provided 120+ volunteer hours of frontline first aid including bandaging, splinting, BVM ventilation, auscultation, and multiple Narcan administrations.
- Supported homeless individuals in Vancouver Downtown Eastside with medical care, refreshments, and empathy.

Sunfarm International Produce and Groceries – Owner & Operator | 2020 – Present

- Since 2022, after my father's retirement and relocation to Calgary, I have independently managed and expanded the business, taking full ownership of sourcing, sales growth, and team leadership.
- Focused mainly on produce (≈80% of operations) sourcing fresh fruits and vegetables and creating large supermarket-style displays (e.g., stacked watermelon bins and bulk fruit sections), which led to independently growing monthly sales from \$80,000 to over \$180,000 in 5 years.
- Built a loyal, long-term team by leading with kindness, respect, and no pressure tactics, fostering a positive workplace culture.

Reddhart Workwear – Langley, Abbotsford, Burnaby – Assistant Manager | 2019 – 2021

- Took care of operations across multiple store locations, including weekly end-of-week sales reports and outreach to industrial companies for bulk corporate sales.
- Took a therapist-like approach with customers by fitting boots, listening to their challenges (e.g., knee pain, plantar fasciitis), and building trust through personal connection.

Starbucks – Vancouver, BC – Barista | 2017 – 2019

- Employee of the Quarter for reliability and dedication, stepping up during staff shortages and high customer demand.
- Managed opening food prep including baking pastries and assembling parfaits to ensure smooth morning operations.
- Balanced high-pressure multitasking at the bar — pulling espresso, blending drinks, and pouring brewed coffee — while keeping stations stocked and organized.

Rockdoc Consulting Inc – Event Medical Responder (On-Call) | 2019 – 2019

- Provided first aid at major public events (marathons, festivals, Canada Day).
