My name is Xander Terrin Chen (he/him) and I am a makeup artist, creative, and skin care enthusiast living on the traditional and unceded territories of the xʷməθkʷəy̓əm (Musqueam), Skwxwú7mesh (Squamish), and səl̓ílwətaɬ (Tsleil-Waututh) Nations, aka Vancouver. I've worked in retail and on set from the age of 17 and have become well versed in the many nuances of the film, fashion, commercial, and music industries. I continue to work towards facilitating an environment where my colleagues, as well as the people sitting in my chair, can feel respected, understood, and inspired. I thrive best working alongside other creatives who share a similar love for their craft and can collaborate to tell important stories we can all care about.
